Thank you

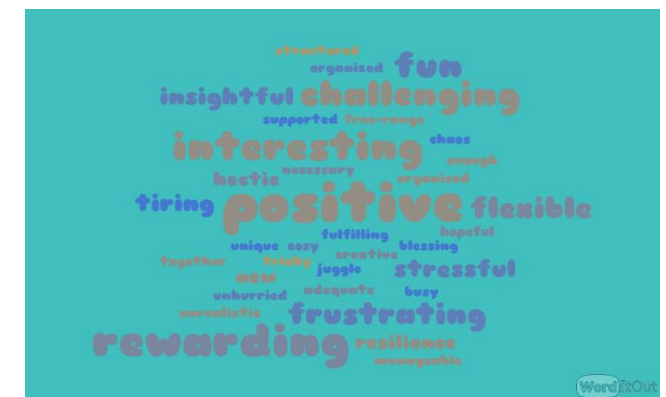

It is difficult to find the words to express how grateful I am to the Ainslie Parklands community for the way you have all supported our school and each other throughout this term.

The example that has been set for our students has provided a positive framework to guide them through the challenges of recent times. It has also allowed them to develop new skills and strategies to problem solve and manage adversity. Although it has been a difficult period for many, I strongly believe the majority of our students have had a positive experience during Learning from Home, and during their return to onsite learning.

I strongly believe that our staff at Ainslie Parklands are a significant reason for this positive impact. I have received a great deal of wonderful feedback for our staff, which is all very richly deserved.

The Learning from Home Experience

Thank you again to those parents who took the time to complete our learning from home survey. Below is a word cloud graphic that includes the responses to the first question of the survey, asking which three words would describe the learning from home experience. The size of each word indicates the number of times it was recorded in the survey. I found this quite interesting!

Very Special Thanks

I would like to add an additional thank you to our school council president, Evan Coutts. Evan has spent a considerable amount of time supporting our school, and very recently completed an upgrade to the front entrance of the 5/6 studio.

Thank you Evan for your time and support of our school.

Semester 1 Reports

Yesterday you would have received access to your child's semester 1 report through Compass. Parent-Teacher conferences will be held early in the new term. These sessions will provide an opportunity for parents to ask any questions they have about the report and to set future learning goals for their child. Further information shared within the first week of term.
